

UNABLE TO FIND 68 DRAFT REGISTRANTS

These Men to Be Put Into
Class 1a Unless Excuses
Are Satisfactory.

300 YET TO BE SENT

Nine Appeals Made for Re-
classification—Work to
End January 9.

The local draft board has been unable to locate sixty-eight registrants and their questionnaires have been returned. Unless these men can give satisfactory excuses they will automatically be placed in Class 1a—ready for service in the National Army. Several of these men are already in the service.

H. S. Jacks, clerk of the board, said yesterday that all registrant who think they should have received their questionnaires by this time should make inquiry with the draft board if their questionnaires have been sent out. However, there are still about 300 more to be sent out as the board had reached No. 2,276 yesterday afternoon.

The draft board members have been authorized to use their own discretion in accepting the excuses of the men who have failed to make returns on their questionnaires.

Nine appeals have been made to the board for reclassification.

The local board will finish sending out questionnaires about January 9. Next week will be spent in classifying the registered men of Boone County. About five hundred cards have been sent out so far telling the men how they will be classified, and it is estimated that if the proportion holds good about twenty-five per cent of the men will be in the first class.

Additional registrants and their classification follow:
